

Hikmat Kakar

FULL-STACK DEVELOPER

Hi! I'm a computer science enthusiast with a strong interest in full-stack web development, problem-solving, and building practical, user-focused applications. I enjoy turning complex challenges into clean, functional code using technologies like JavaScript, React, Node.js, and Python. I'm constantly learning, improving, and contributing to personal and collaborative projects. Whether it's a solo build or a team sprint, I love working on ideas that make a real impact.
